

July 1st every year marks the beginning of new

“Rotary Year”

all over the world.

All the District Governors in our country have decided to do a project related to blood donation.

The presidents are requested to take up atleast one of the projects mentioned below:-

1. Organizing a blood donation camp at colleges or at government hospitals participated by the Rotarians and their family members.
2. Organizing a seminar in the educational institutions, about the blood donation.
3. Organizing blood donation camps at public places or villages with the help of government hospital blood banks.
4. Preparing a booklet containing the contact details of the persons who are willing to donate blood anytime.
5. Printing and distributing pamphlets with the details about blood donation awareness.
