

Achieve World Peace through Love Smile and Rotary Service

“Love cannot remain by itself — it has no meaning.

Love has to be put into action and that action is service.”

Said the late Mother Teresa of India, the Nobel Peace Prize Laureate.

For Rotarians, service is both an ideal and an expression of love for mankind. It is an intelligent and voluntary act of the spirit through which we put into action all of the innate virtues of man in order to serve in a continuous, generous, and altruistic manner, in the legitimate interests of others.

Not only is service the measurable expression of love, it gathers drop by drop, each Rotarian's expression of love through Rotary unity to create a broad and giant torrents of "service above self" as well as the "power of transformation". It creates and changes history. Moreover, it makes the future of human beings that much brighter.

Service both represent love in action and nourishes love to grow. Everyone should have love in his heart and care for others.

Thomas Moore mentioned in his article “Your Rotary room”, “Where there is room in the heart, there is always room in the house.”

"where there is love, there is always room." , and the same is true of service, because service is love in action.

Moreover, as long as we have enough room in our hearts, we are able "to expand the house of Rotary – to open our doors and our hearts to new members and welcome them into our wonderful world of service." Such belief not only helps us to share love of Rotary but also to strengthen the power of such love through the expansion of the house of Rotary.

The founder of Rotary Paul Harris said;

“The only way anyone can prove his love for his fellow man is through service to his fellow man.”
